

FRAMELESS GLASS SHOWER HARDWARE

 **JURALCO**
GLASS HARDWARE

Turn your dream shower into a reality.

www.juralco.co.nz

Juralco® has been inspiring
New Zealanders with
beautifully designed
shower solutions for over
50 years.

Proudly 100% NZ-owned and operated, we bring together decades of expertise, craftsmanship, and a commitment to quality across our nationwide network.

Our frameless shower hardware range is where design meets function. These essential components, which include hinges, handles, channels, and more, are engineered to support and secure your glass shower while enhancing the overall aesthetic of your bathroom. Whether you are upgrading an existing space or starting fresh, our hardware ensures seamless integration with your tapware and fittings.

Choose from premium options for hinged, sliding, and fixed shower screens, available in a variety of stylish finishes to suit any design vision. With Juralco®, you are not just installing a shower; you are creating a statement.

FRAMELESS HINGED AND SLIDING SHOWER OPTIONS

HINGED SHOWER DOORS

Classic and elegant, a hinged shower door opens like a traditional door, swinging on pivoting hinges. These doors can be mounted to a fixed glass panel, directly to the wall, or onto a shower surround, making them ideal for bathrooms with generous space and no restriction on door size.

SLIDING SHOWER SCREEN DOOR

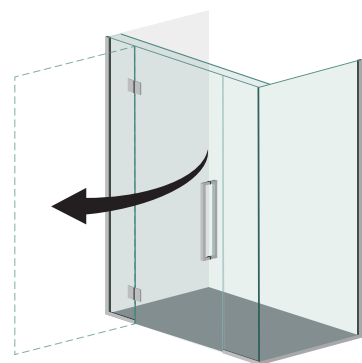

A modern space-saving alternative to a hinged screen, sliding shower doors glide smoothly from side to side within the frame. Perfect for compact bathrooms or layouts where a swinging door isn't practical, they offer modern functionality without compromising on style.

PREMIUM GLASS FOR LASTING CLARITY

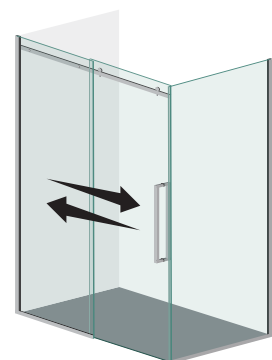

All Juralco® frameless glass showers are made with 10mm Toughened Safety Glass, ensuring durability and a crystal-clear finish. Your local Juralco® expert can guide you through additional glass options to suit your space and style.

POPULAR CONFIGURATIONS*

Hinged door and
90 degree return

Sliding door and

OVER PANEL CLIPS

Over Panel Clips are essential components designed to securely join individual glass panels or affix glass to walls and structures. The Juralco® range of Over Panel Clips has a diverse selection of finishes across three styles, which, while functional, will contribute to the overall look and feel of a bathroom.

HEADER SUPPORT BAR

The Header Support Bar is a minimalist alternative to a glass over panel as a bracing Option. Uses Chamfered heavy-duty Over Panel Clips.

SLIDING SETS

For ease of selection, Juralco® has created matching sliding shower sets available to order. Available in two sizes, 1650mm long in a Polished Stainless Steel finish, and 2000mm long available in nine colour finishes that include Matte Black, Brushed Gun Metal and Brushed Gold.

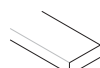

Chamfered heavy duty Over Panel Clip 10mm glass to 6mm over panel (Stainless Steel)

Round Over Panel Clip 10mm glass to 6mm over panel (Brass)

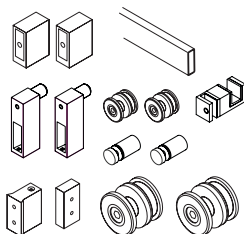

Square Over Panel Clip 6mm or 10mm glass to 10mm glass options

Header Support Bar. 20mm x 5mm. Available as 1000mm or 1200mm

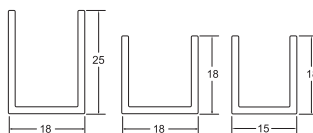

Header Support Bar End Cap

1650 or 2000mm Oasis Sliding Shower Door Kit wall to glass/wall to wall (excludes handle) Stainless Steel

(includes: Stops x 2, Wheels x 2, Anti jump x 2, Wall bracket x 2, Glass to rail connector x 2, Glass return bracket set x 1, Floor guide x 1, 1650mm Bar x 1)

Shower glazing channel available in a variety of sizes, lengths and colours

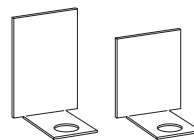

CHANNEL

Juralco® shower glazing channels are available in a variety of colour finishes and sizes to select from. Find the perfect fit and use colour to transform a bathroom space. Explore the extensive range of colour finishes, which includes powder coat colours from the Dulux® range and amazing standard colours like Brushed Rose Gold, Brushed Satin Nickel, Satin Brass and Brushed Gun Metal.

Channel End Caps available in various sizes and colours

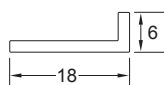

End caps to suit 15mm x 18mm channel (zinc)

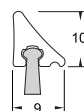

End caps to suit 18mm x 25mm Channel, 18mm x 18mm Channel, & 18 x 18 mitre cut (ABS)

13mm x 5.0mm half round floor section 2800mm

Angle 18mm x 6mm

9.0mm x 10mm waterseal with felt 2800mm

SHELVES AND BRACKETS

Various corner shower glass sizes and bracket options are available, along with a towel/robe hook. These are available powder coated to the colour of choice or from various standard finishes.

SEALS

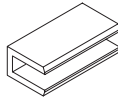

Shower door seals are flexible strips, or gaskets, that attach to the bottom or sides of a shower door to create a water-resistant seal when the door is closed. Juralco® seals come in various shapes and sizes to fit frameless shower doors.

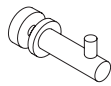

10mm Toughened Glass corner shelf 200mm

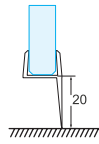

10mm Toughened Glass shelf 150 x 300mm

Rectangular bracket 60mm for 8-10mm glass (Brass)

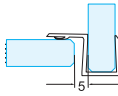

Towel / robe hook 25mm dia x 50mm (Stainless Steel)
